Town-Wide Electricity Aggregation Program

<Date>

Dear Basic Service Customer,

The Town of Sudbury approved a Town-Wide Electricity Aggregation program authorizing our community to aggregate the electricity load of those residents and businesses that are on Basic Service with Eversource. The goals of the program are to provide you with competitive choice, longer-term price stability and more renewable energy.

You will automatically be enrolled in the Sudbury Community Electricity Aggregation program unless you choose not to participate.

After a competitive bid process, Dynegy was selected as our Electricity Supplier with a contract term starting on the date of your scheduled August 2017 meter reading and expiring on your August 2020 meter reading. A comparison of the rates for the aggregation program and the current rates for Eversource Basic Service are shown below.

Rate Class	"Sudbury Local Green" Five (5) Percent Local Renewable Energy (Standard Product - No Action Required)	"Sudbury Premium One Hundred Local Green" One Hundred (100) Percent Local Renewable Energy	"Sudbury Basic" No Additional Local Renewable Energy	Current Eversource (NSTAR Electric Company) Basic Service
Residential	\$0.10749/kWh	\$0.13124/kWh	\$0.10624/kWh	\$0.11397/kWh
Small Business	\$0.10749/kWh	\$0.13124/kWh	\$0.10624/kWh	\$0.11403/kWh
Large Business	\$0.10749/kWh	\$0.13124/kWh	\$0.10624/kWh	\$0.11498/kWh NEMA*
Duration	August 2017 – August 2020 Rate is fixed for the entire 36-month term.			July 2018 – December 2018 Residential and Small Business rates change every six months. *Large Business rates change every three months.

Rates indicated above are for Supply Services only. Under the contract with Dynegy, the aggregation program rate per kWh for electric supply will be fixed until your August 2020 meter reading. This rate is guaranteed to remain below Eversource's Basic Service rate until Eversource Basic Service rates change at the end of December 2018 for Residential, Small Business and Large Business customers.

There is no guarantee of savings. The primary intent of the program is to provide price stability and savings over the duration of the 36-month term. However, Eversource Residential and Small Business rates for electric supply change every six months and Large Business rates change every three months. Thus, the Basic Service rates may be below the program rate during any subsequent period.

ADMINISTRATIVE ADDERS for all Sudbury programs are included in above rates. These fees are: \$0.001/kWh for the aggregation consultant, and \$0.000025/kWh (first 12 months only) for the Metropolitan Area Planning Council (MAPC), the regional planning agency assisting the program.
