

2025 Annual Report: Sudbury Community Electricity Aggregation

Public Access Attachment III.C

Public Access to Plan/Ongoing Program Information	
Location	Description
Municipal website	Municipal website community electricity page provides information on the program structure and operation and access to the program website. The community electricity page can be accessed in the “Committees - Energy and Sustainability Committee” drop down on the homepage. Sudbury.ma.us/energy/2025/02/25/sudbury-community-electricity-aggregation-2/
Program website	Program website provides information on the program structure and operation, product rates, access to the aggregation plan, and instructions to enroll, select a different product, and leave the program. The website also provides contact information for the program supplier and consultant. Sudbury-cea.com/
Social media accounts	Municipality issued social media posts with program pricing as a method to notify residents and businesses of the upcoming program changes and their options to participate.
Announcement to local/ regional media	Municipality issued a press release with a link to the program access for program pricing as a method to notify residents and businesses of the upcoming program changes and their options to participate.
Physical Mailing	Municipality mailed opt out letters with program pricing as a method to notify residents and businesses of the upcoming program changes and their options to participate.

Announcement to local/regional media

Sudbury Community Electricity Aggregation Renewed

Published November 5, 2025 | [Energy and Sustainability Committee](#)

Sudbury Community Electricity Aggregation is announcing the renewal of the program through the term December 2025 – December 2029. **Most participants do not need to take any action to remain in the program and receive the new pricing for the product in which they are currently enrolled. Read on for more information.**

Renewal Letter mailed to all Sudbury addresses (click below for full letter):

Town of Sudbury

SUDBURY COMMUNITY ELECTRICITY AGGREGATION

Wednesday, October 29, 2025

The Town of Sudbury is pleased to announce that our electricity supply program, Sudbury Community Electricity Aggregation (CEA), has been renewed! The program is designed to help our community members manage electricity supply costs and increase the use of renewable energy since 2017. You currently receive one of Sudbury's supply options. This letter explains upcoming changes to the program prices and your options.

Sudbury's new pricing takes effect starting on your December 2025 meter read.

All Sudbury CEA prices are decreasing from current contract pricing.

No action is needed to receive the new pricing.

The Sudbury CEA program launched in 2017 and has collectively saved \$9.2 million for the community, or \$1,660 per average residential customer, compared to Eversource's supply cost.

The Program has also provided cleaner electricity, sourcing voluntary renewables from National Wind sources and New England-based Class I sources. These voluntary purchases now amount to 28,230 megawatt hours (MWh) annually, avoiding over 20 million pounds of carbon pollution each year.

SUDBURY'S SUPPLY OPTIONS

The Town is pleased to have secured lower rates for all Sudbury CEA supply options until December 2029. Sudbury CEA's default option, Sudbury Standard, will cost less than Eversource's Basic Service residential supply when the new prices go into effect.

All new Sudbury CEA supply prices will be fixed for 48 months, from December 2025 until December 2029 meter reads.

SUDBURY BASIC
(Option)

13.265 ¢/kWh

63% renewable sources in 2025

SUDBURY STANDARD
(Auto-enroll)

13.440 ¢/kWh

100% National Wind renewable sources in 2025

SUDBURY PLUS
(Option)

14.329 ¢/kWh

100% MA Class I renewable sources in 2025
